Research Area Keywords:

Digital Heritage

(AR VR AI Games for Culture & Heritage)

Archives, Exhibitions & Museums

Bhargav Padhiyar is an Assistant Professor at FD, CEPT University. He teaches 'Design for Phygital Cultures' Studio and his upcoming summer school is focused on Design for Museums. His educational background includes B.Tech Computer Engg., M.Des. New Media Design from NID India and M.Sc. Archaeology from University of Southampton, UK. Bhargav's seven years of experience have been primarily in exploring use of digital technologies for preservation & interpretation of diverse forms of cultural heritage, which includes working with museums, interpretation centers, traditional craft - rural communities and heritage sites. Bhargav is a Chevening Scholar (Batch 2022-23) and a Salzburg Global Fellow (JITTN 2025). Bhargav is founder of Studio IF, a transmedia experience design practice working for social, cultural & environmental impact with diverse collaborators.
